Guitar Tricks 126: Southern Rock Lick

By Neal Walter

The image displays a guitar lesson for a Southern Rock Lick, covering measures 8 through 11. The notation is presented in two systems, each with a standard musical staff and a corresponding guitar tablature (TAB) staff.

Measure 8: The musical staff shows a treble clef with a key signature of two sharps (F# and C#). The melody consists of eighth notes with triplets. The TAB staff shows the fretting: 4 on the D string, 4 on the G string, 2 on the B string, and 2 on the high E string. A half-note bend is indicated on the 4th fret of the D string.

Measure 9: The musical staff continues the triplet pattern. The TAB staff shows 4 on the D string, 4 on the G string, 2 on the B string, and 2 on the high E string. A half-note bend is indicated on the 4th fret of the D string.

Measure 10: The musical staff continues the triplet pattern. The TAB staff shows 4 on the D string, 4 on the G string, 2 on the B string, and 2 on the high E string. A half-note bend is indicated on the 4th fret of the D string.

Measure 11: The musical staff continues the triplet pattern. The TAB staff shows 4 on the D string, 4 on the G string, 2 on the B string, and 2 on the high E string. A half-note bend is indicated on the 4th fret of the D string.

The notation includes various musical symbols such as treble clef, key signature (two sharps), eighth notes, triplets, and a half-note bend. The TAB staff uses numbers 4, 2, and 0 to indicate fret positions.
